

MONS: New real estate project in the new railway station district

La Hulpe, 31 August 2012

ATENOR GROUP has concluded an agreement with the company IDE IMMO in view of acquiring two sets of parcels totalling 7.2 ha in Mons.

These plots are ideally located, near public facilities and commercial and cultural functions that are witness to the City's dynamism: the new "Calatrava" railway station, the fast-growing shopping gallery "Les Grands Prés", the future Ikea, the Imagix cinema complex and the Mons Expo exhibition hall.

ATENOR GROUP intends to put to use its expertise on the subject of major mixed urban developments. It envisages, in agreement with the local authorities, to retain an urban coherence of the district itself and of its harmonious interaction with the historic centre, by providing additional functions that are indispensable to its development. Several functions, primarily residential, will thus be envisaged. An initial development phase could be launched in the short term on the basis of the Communal Development Plan in force.
