ATENOR

HALF-YEAR RESULTS 2015

La Hulpe, 2 September 2015

The first semester of 2015 closed with a positive consolidated net result, group share, of 5.19 million Euro.

These results were primarily due to the evolution of the pre-sold projects (TREBEL, AIR, LES BRASSERIES DE NEUDORF, PORT DU BON DIEU).

The remarkable evolution of the situation in Hungary and Romania has had a positive effect on the office property market in Budapest and Bucharest, where ATENOR has been able to consolidate its position in the small international developers market.

In the absence of unforeseeable events at ATENOR or of a macro-economic nature, the financial results for 2015 should at least equal those of 2014.
